You'll find us easy to talk to. We won't baffle you with jargon, and we will keep you fully informed about your legal position and options.

We're equally open about our charges, always providing you with an indication of cost, or a specific quotation and advising you of any changes.

Meetings are arranged to fit your timetable, not ours, and we are happy to visit you at your office, or your home, if this is more convenient for you.

Moving home

We have a team of property specialists operating across all our offices to help you buy and sell your property. We provide a fast and efficient service at a competitive price - even before your membership discount cuts in.

Wills & inheritance

We can help you draft your will in the most tax-efficient way possible to benefit your dependants - and you shouldn't underestimate the problems it causes your family if you do not have a will in place. Plus we can help you best manage the legal and regulatory requirements around inheritance and bereavement.

Accident claims

Our personal injury team specialises in helping you claim, in most cases at no cost to you, what is rightfully yours following accidents where you are the victim. That can be accidents on the roads, on holiday, at home or abroad, in other people's homes or even when out shopping. We can help you with any accident claims other than those at your place of work - where your own HR Department will advise you.

We aim to make the process as easy for you as we can, giving clear guidance as to your options and avoiding going to court, if possible. Two of our team are also specialist collaborative family lawyers.
